👤 PROFILE

I am an HNDIT undergraduate with a strong passion for using technology to build useful and reliable solutions. I have completed a Software Engineering internship and worked as a Senior Web Developer, gaining hands-on experience in developing secure and efficient frontend applications using modern web and mobile technologies. I am self-motivated, detail-oriented, and able to perform well in fast-changing environments. I bring a proactive mindset, a strong commitment to quality, and a willingness to learn continuously while contributing practical, value-driven solutions that support organizational goals.

💼 WORKED EXPERIENCE

Software Engineer Intern
2024 Sep - 2025 March

Builtapps Business Solutions Pvt Ltd

- Contributed to the development of scalable web and mobile applications using React, TypeScript, and React Native
- Assisted in building secure and efficient front-end components aligned with business requirements
- Participated in requirement analysis, UI development, and debugging processes
- Gained hands-on experience with real-world software development workflows and teamwork

Senior Web Developer
2025 June - 2025 Sep

ITX Digital Service Pvt Ltd

- Designed and developed professional, responsive websites using WordPress, Elementor, and modern UI principles.
- Improved website performance, layout consistency, and user experience across devices.
- Collaborated with clients and internal teams to translate business requirements into functional web solutions.
- Ensured clean structure and maintainable design systems.
